

CAUTION.

40

The world wide popularity and reputation of my Revolving Book Cases has caused a few unprincipled parties to imitate and infringe such Cases. This is to caution all parties not to buy, sell or use such infringing goods as I shall HOLD THEM RESPONSIBLE. My Cases were the first practical and successful Revolving Book Cases ever introduced in the market, and being secured by numerous patents with broad claims I give this timely caution, and shall at such time as suits me best, enforce my lawful and just rights upon all parties that make themselves liable without respect to persons. Remember, no party in the United States is authorized or licensed to make any of my Cases outside of my own factory in this city.

JOHN DANNER, Patentee,

CANTON. OHIO.

THE HENRY FRANCIS du PONT WINTERTHUR MUSEUM LIBRARIES

FIRST SUCCESSFUL CASE EVER MADE.

Just the thing for Lawyers, Clergymen, Physicians, Public and Private Libraries, Courts,
Public Institutions, Reading Rooms, Clubs, Private Offices, Etc.

MANY THOUSANDS OF THESE CASES IN USE THROUGHOUT THE WORLD.

HESE Cases hold more books than any other Case ever made to occupy the same space. The books are accessible to any one sitting at a table, or before the fire without rising. The cases revolve on an entirely new principle. Just a slight pressure of the hand will bring either side to view. All made in the most workmanlike manner, of the best western ash, cherry and black walnut, and so finished as to be a handsome piece of furniture.

Since the introduction of these celebrated Book Cases, many thousands have been sold throughout the United States and Territories, and are now being rapidly introduced in Canada, England, France, Germany, and other foreign countries. All the public offices in Washington, D. C., have adopted them. The State Capitols of numerous states are using them. Court Rooms, Libraries at Yale, Amherst, Princeton and other Colleges, Public Libraries, Lawyers, Ministers and Physicians, and all classes of citizens are having these Cases; and whether in public or private use, all parties are exultant in their praise.

COMPACTNESS.

By shelving all four sides a solid column of books and the greatest possible compactness is secured. In libraries, offices and stores, where the last atom of space has been used, these Cases are introduced with special success. They would have a large sale simply on the score of compactness, regardless of the more important features of revolving.

CONVENIENCE.

The chief excellence is the convenience with which their contents can be consulted. Two Cases behind a study chair are out of the way and out of the light, but bring within instant reach of the hand 400 volumes of books, or their equivalent in other objects. No such labor-saving convenience has ever before been offered to students.

DURABILITY.

The patented principle, entirely new, on which the Cases are suspended, makes them perfect and durable. There is absolutely nothing to get out of order. The committee of the American Library Association at Boston, Mass., appointed to test such matters, took a No. 4 Case and loaded one side of it with brass weights and left it two months with the other side empty. The case was not affected in the slightest degree, and revolved just as perfectly and easily as if empty or loaded uniformly. The cases are absolutely noiseless.

NUMBERS AND NAMES.

po go B lo of re 2 The numbers refer to the sections or spaces high. One section is No. 1; two sections high is No. 2; three sections high is No. 3, and so on up to No 4 are kept in stock, but are made to order, running as high as Nos. 5, 6, 7 and 8. The gross infringers, who try to palm off a cast iron case, not content with violating my patents, have copied this plan of describing cases, while it was ORIGINAL with me and used OVER three years before the gross infringement was brought out. In ordering be particular to say which number or style. The "Legal," "Cabinet," "Victor," "Peerless," &c., are known by their distinctive names.

SPECIAL ORDERS, PATTERN OR SIZE.

Any style of case can be made, but only those on the catalogue are kept in stock. Special patterns, to match other furniture, will of course take extra time and cost more than the regular Cases, which are made by the hundred and kept in stock. Variations in height of shelves, etc., seldom cost anything extra; but change of diameter generally adds to the cost. Extra shelves, drawers, pigeon holes, etc., will be put into any of the Cases when desired at fair prices.

HIGH AND LOW FEET.

The cuts show the style of feet that usually go with each case, but when requested any of the cases can be changed in this respect to suit purchasers, by either having them lower or higher. If Cases are desired to stand on counters or to swing very low, they can, without extra charge. be carried as close to the floor as required.

DOORS.

Standard Cases are furnished with doors when so ordered, at an extra cost. For the regular Cases have a loose slip or curtain to throw over the whole Case when not in use, or when sweeping, etc. This is a great protection and is never in the way in handling the books.

ROUND AND OCTAGON CASES.

We are often asked if the Cases are made round so as to revolve in smaller space than square ones with projecting corners. A little study of a diagram of a round Case and a square one, will show the dullest student of geometry that the square is the *only economical form for a revolving Case*. In this way we get a solid column of books, and nothing more compact is possible. My patents cover both round and octagon, but *they are not practical* in said forms.

FAVORITE PATTERNS.

The No. 4 Standard sells as rapidly as any size, though almost as many of the No. 3 are ordered. The "Champions," both No 2 and No. 3, are becoming very popular. For special purposes the Cabinet, Legal, Peerless and Victor Cases cannot be excelled.

CASES SENT ON TRIAL.

Thousands of Cases have been sold with the following privilege:

"These Cases will be sent to any responsible party with the *distinct* understanding that if they do not perform as represented and to entire satisfaction, they may be returned."

Not one Case has been returned. No further proof is needed of the value of the invention, nor of the satisfaction which it uniformly gives to buyers. I sell every Case with the return privilege. Any one wishing a Case, and giving a satisfactory reference, can have it sent on trial.

PRICES.

Though completely protected against competition by the many patents issued, these Cases are put on the market at as low a price as if they were not patented. The object of this is to secure a very large sale by making the Cases as cheap as common book Cases which take up two or three times as much room. From these low prices THERE ARE NO DISCOUNTS, and refer to the cases on the cars at factory; any agent offering the Cases at less than the factory prices will be summarily dismissed.

FIRON CASES.

I could make iron cases at very low prices, but could not as an honest manufacturer guarantee them to give satisfaction, and therefore prefer not to make a thing of exceedingly doubtful character, even if they can be produced at low prices.

TRANSPORTATION.

The price is fixed without including any cost of transportation, since it would be *impossible to fix a scale of prices for all parts of the country*. Packing and drayage to the cars at Canton, O., are free; other expenses are ALWAYS BORNE BY THE BUYER.

DANNER'S PATENT RE VOLVING BOOK CASES.

RATES.

Special low rates with the various Railroad and Express companies have been made, so that the expense of getting the case to any part of the United States is reduced to a minimum.

AGENCIES.

From the fact that my cases have been so popular, it has not been necessary to employ traveling agents. Booksellers and Furniture Dealers are liberally dealt with as local agents. The published prices of the book cases are very low, and refer only to the article delivered on the cars at the factory in Canton, Ohio. All agents are expected to add to these prices the cost of transportation.

HOW TO ORDER CASES.

As my business is extended all over the United States, I am personally acquainted with but few of my customers. Merchants, and other business men, who have good rating in MERCANTILE REPORTS, I am willing to ship to, without remittance; but those who have no rating in the business reports of the country and are entirely unknown to me, usually remit with the order, or give good reference.

Always be particular to give SHIPPING DIRECTIONS.

REVOLVING DRY GOODS CASES

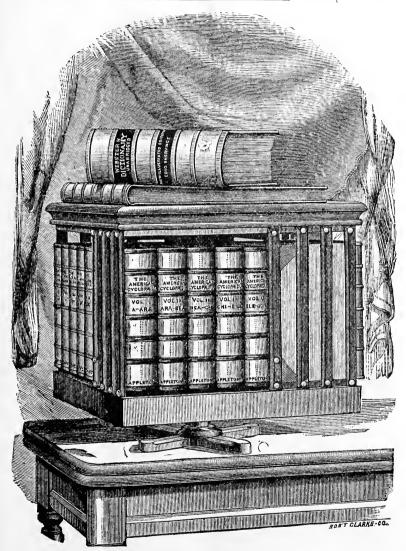

and Print Shelves,

of various styles, kept in stock. Any wanting these will please send for illustrated price list.

PATENTED AND MANUFACTURED BY

JOHN DANNER, CANTON, OHIO.

DANNER'S NO. 1 CHAMPION TABLE CASE.

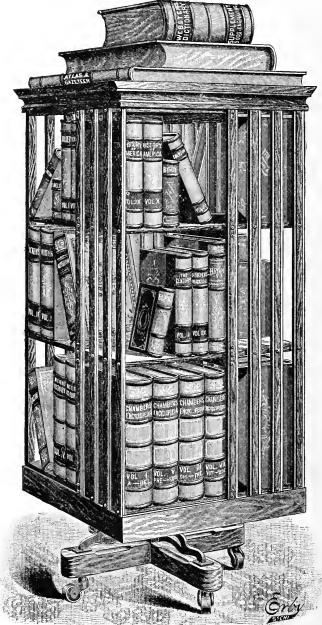

Price on Cars at Factory, \$10.

HIS Case is made all ash, cherry or walnut, as preferred; is 18 inches diameter and 20 inches high; has 4 shelves 7 inches wide, 10½ inches long and 12 inches high; will hold 20 volumes American Cyclopædia, and afford a nice place on top for Atlas, Unabridged Dictionary, or similar works. Weight, when packed, 40 lbs.

No. 3 CHAMPION CASE.

(705-)

Price on Cars at Factory, \$14. any other case made to occupy the same space. Fifth—That the cases are made of the best quality of ash, cherry and walnut, and finished by competent workmen to correspond with the finest office or parlor furniture. Sixth—That the prices of my cases are the CHEAPEST EVER OFFERED to the public, considering capacity and finish. Seventh—All students, attorneys, doctors, ministers and others who have tried these cases are exultant in their praise. Eighth—These cases will be sent to any responsible party on APPROVAL, and if not as represented, no sale. They always give the most complete satisfaction. Ninth—The revolving principle is perfect; the cases moving with a slight touch of the hand, noiseless, and working as well with hundreds of books on the case as empty. Tenth—That they cost less to transport than any other case of same capacity, and are so securely packed that they will carry safe anywhere without extra charge. Eleventh—That no man or firm in the United States but myself have the right to make the Danner cases.

the Danner cases.

This case is the same style as the Standard, but is 4 inches less in diameter, is made all ash, cherry, or walnut, as preferred. No. 3 Champion, as represented in the cut. is 18 inches in diameter, and 46 inches high to top of case; has twelve shelves; the four lower shelves; the lour lower ones 12 inches high, and the eight upper ones lo inches high; all 7 inches wide and 10½ inches long. Weight of this case, when packed, 75 pounds; holds 80 to 100 average law books. law books.

The numbers indicate the sections high, thus: No. 2 is Two SECTIONS high, price \$12; No. 3 THREE SECTIONS high, price \$14; No. 4 FOUR SECTIONS high, price sections high, price \$16; every additional section costs \$2 more. section costs \$2 more. Nos. 2, 3 and 4 are kept in stock; Nos. 5, 6 and 7 are made as fast as ordered. These cases are very graceful and yet strong enough to hold all the books that can be put on them, and revolve with a slight touch of the hand; are noiseless in operation, and will last operation, and will last a life-time-a very pop-ular style for offices and families.

FACTS

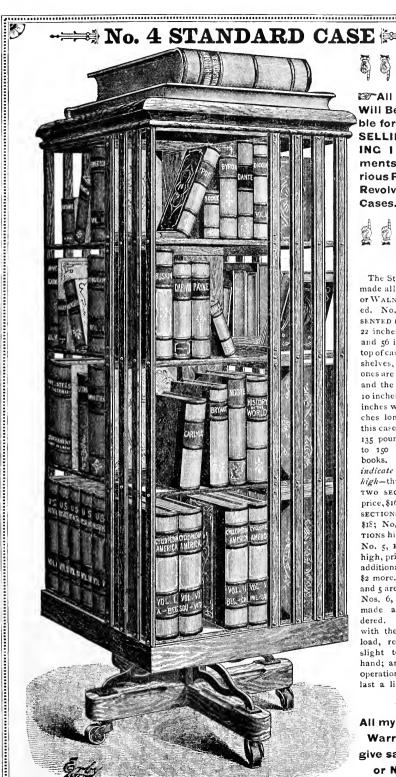

TO REMEMBER.
First—That the Danner Revolving Book Cases were the FIRST PRACTICAL article of the kind patented, ALL OTHERS GOT OUT SINCE whether made of iron or wood are gross infringements, and parties using such cases WILL BE HELD LIABLE.

Second—That infrin-

gers may say what they please; any man of common sense can see that the original cases, having ALL THE ESSEN-TIAL FEATURES of a successful revolving book case PATENTED, that ALL who attempt to follow after and use said features ARE LIA-

BLE. Third-That these cases are the LIGHTEST and yet STRONGEST Revolving Book Cases ever made.

Fourth-That they hold more Books than any other case made to

PRICE ON CARS AT FACTORY \$20.

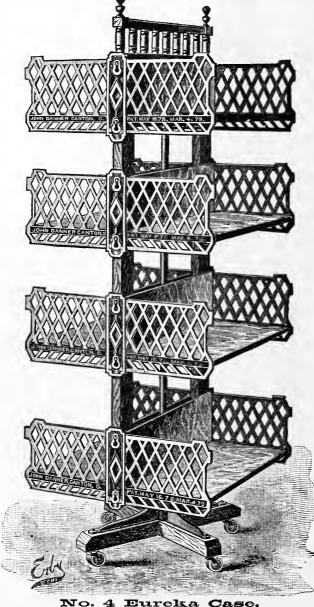

MAII Infringers Will Be Held Liable for MAKING, SELLING or US-ING Infringements on my Various Patents for Revolving Book Cases.

The Standard Case is made all Asn. CHERRY or WALNUT, as preferred. No. 4, AS REPRE-SENTED IN THE CUT, is 22 inches in diameter, and 56 inches high to top of case; has 16 large shelves, the 4 lower ones are 12 inches high, and the 12 upper ones 10 inches high, all 712 inches wide, and 14 inches long; weight of this case when packed, 135 pounds; holds 125 to 150 average law The numbers books. indicate the sections high-thus, No. 2 is two sections high, price, \$16; No. 3, THREE SECTIONS high, price, \$18; No. 4, FOUR SEC-TIONS high, price, \$20; No. 5, FIVE SECTIONS high, price, \$22; every additional section costs \$2 more. Nos. 2, 3, 4 and 5 are kept in stock; Nos. 6, 7 and 8 are made as fast as ordered. These cases, with their immense load, revolve with a slight touch of the hand; are noiseless in operation, and will last a life time.

All my Cases are Warranted to give satisfaction or No Sale.

EUREKA REVOLVING BOOK CAS

Every family library is adorned and made convenient with one of these cases. A novelty, a beauty. Handsome, Good and cheap. Suited for the peo-THE SHELVES are all INDEPENDENT and AD-JUSABLE. The supporting brackets are all the best quality of malleable iron japanned, [nickel plate finish supplied at an extra cost]; being made of this matarial they are quite light and graceful and no danger whatever of breaking. The shaft upon which the case is supported and revolves is a fine quality of POLISHED STEEL which forms a better bearing than iron and will not bend. The wood used in construction of frame and shelves is usually cherry or walnut. This case is made in three sizes, viz: No. 2, No. 3 and No. 4. Each section or tier indicate a No. The first is usually made without casters to be used on tables; No. 3 and No. 4 is supported by casters to be used on the floor; but when desired deviations can be made. ALL THESE CASES ARE 18 INCHES DIAMETER; the shelves are INDEPENDENT and adjustable. The width of shelves is eight inches, thus enabling the largest class of books as well as the smaller ones to be held by this wonderful nice and and very popular case. The whole case can be taken apart or set up in a tew minutes, WITHOUT THE AID OF ANY TOOLS WHATEVER. It is always shipped in the "knock down' packed in a tight box and makes a smatter package than any other revolving book case in the

Eureka Case. No. 2 Case—Box 4½ in, high, 19 in, wide, 26 in, long. | No. 3 Case—Box 5 in, high, 19 in, wide, 36 in, long.

No. 4 Case—Box 5 in, high, 19 inches wide, 46 inches long.

The following weights will show that while the Eureka is one of the strongest cases ever made

it is also one of the LIGHTSET, being easy to handle and graceful.

No. 2 Case weighs 25 pounds, packed 40 pounds | No. 3 Case weighs 35 pounds, packed 55 pounds.

No. 4 Case weighs 45 pounds, packed 70 pounds.

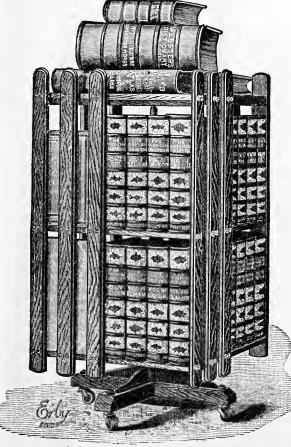

And last, though not the least, the following prices will convince every one of the CHEAPNESS of the Eureka Case above all others ever introduced:

No. 2 Case, japanned, \$0,00, nickle plate, \$11.00 | No. 3 Case, japanned, \$11.00, nickle-plate \$13.00.

No. 4 Case, japanned, \$13.00, nickle-plate, \$15.00,

This case is warranted in every particular to be as represented and to GIVE COMPLETE SATISFACTION or no sale. In ordering be sure to say cherry or walnut as preterred; olso japanned or nickle-flate.

≪NO. 2 DAISY CASE>>>

Price on Cars at Factory, \$9.

The great popularity and growing demand for my celebrated "Standard" and "Champion" Revolving Book Cases has also created a large inquiry for a still smaller case than either the Standard or the Champion, adapted for families and for offices, when not more than 35 to 50 text books are required to to be at hand. This want is fully met in the "Daisy Case" herewith illustrated. This handsome and strong case is made by the best mechanics, of CHERRY and WALNUT supported on a finely polished STEEL SHAFT mounted on casters. The general construction of this case is the same as the larger cases, and revolves

with a slight touch of the hand without a particle of noise. The No. 2 Daisy Case as shown in the cut is $16\frac{1}{2}$ inches diameter and 33 inches high, holds 32 volumes American Cyclopedia besides affording room on top for several larger volumes; adapted to all kinds of books, will last a life time, no other case in the world so light and yet strong as this case. No charge for packing. But two sizes of this case are made viz: No. 2 and No. 3. No. 2, two tiers, full height 33 inches, weight 30 lbs, packed 50 lbs, price on cars at factory, \$9.00. No. 3, three tiers, full height 43 inches, weight 40 lbs, packed 65 lbs, price on cars at factory \$11.00. Either of the above sizes will be sent Ebony Finish, and Nickle Plated shaft for \$2.00 extra. This case can be used on tables or counters as well as on the floor, all that is required is to take of the wooden cross bar with casters attached and it is ready for the table, and stands 3 inches lower than when adapted for the floor, any one with a screw driver can make these changes in a few minutes. Every case warranted as represented, or no sale.

LEGAL CASE.

Price on Cars at Factory, \$30.

A very popular case—all black walnut, finished in oil. This case stands 46 inches high from floor to top of case, and is 24 inches diameter. On the left hand side, as shown in the cut, are 6 drawers 2 inches high, 9 by 15 inches; also 6 drawers 2 inches high, 9 by 6 inches. The two bottom drawers are 5 inches high and 9 by 10½ inches. All these drawers but one are locked in one operation and with one lock, making the drawers secure from interference. Above the 14 drawers described is one shelf for books 23 inches long, 9 inches wide and 11 inches high. On the back or opposite side from the drawers are 3 shelves for books, each 23 inches long, 9 inches wide and 10 inches high, but as these shelves are adjustable, they can be changed to suit any class of books. On either of the other two sides of case are 7 pigeon holes, making in all 14. These are 9 inches deep, 4½ wide and 4 inches high. All are secured by doors and locks, so as to keep letters and papers safe. Weight when packed, 165 pounds.

For a well furnished law office these cases

will be found almost indispensable when once introduced. Revolving principle the same as all my other popular Cases. Every case on my entire list warranted to be as represented or no sale.

CABINET CASE.

Price on Cars at Factory, \$25.

46 inches high, 24 inches diameter, holds 125 average law books. On one side is a legal blank department. 12 inches high, 23 inches long, 9 inches deep, with 6 spaces for legal cap and 3 for note paper, with door and lock. Above this department are two shelves, 23 inches long and 9 inches wide, the ordinary height of both is 10 inches, but as the intermediate shelf is adjustable by a ratchet, changes can be made as wanted.

The opposite side has three similar shelves, 23 inches long, the lower one 12 inches high, and the upper ones 10 inches, but as they are also adjustable, changes can be made to suit. On the other two sides are 14 pigeon holes, 41/2 inches wide, 41/2 inches high, and 9 inches deep.

This case, ALL WALNUT or ASH, is very handsome; holds many books, and is exceedingly convenient because of the pigeon holes and cabinet for papers and blanks. Weight when packed, 165 lbs.

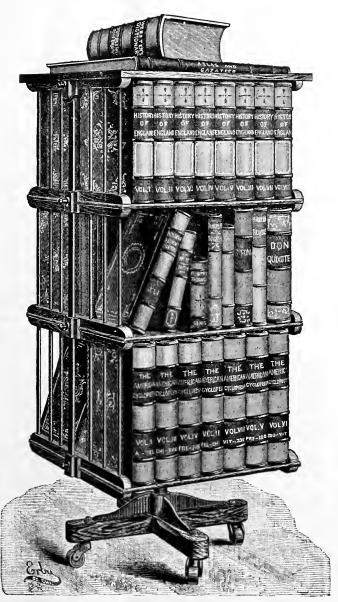

No. 3 "OHIO" REVOLVING BOOK CASE.

The "Ohio" Revolving Book Case is made of butternut, and finely finished in oil, black walnut. The wrought iron supporting bars and vertical rods, together with the clamps, are all nicely japanned, which on the walnut make a nice finish.

SHELVES INDE-PENDENT AND AD-JUSTABLE to any desired heighth.

No. 3, as represented in the cut, is 18 inches diameter, and 45 inches high to top of Case. The shelves are all 18 inches long, and 7½ inches wide. This Case is made in but two sizes—viz: Nos. 2 and 3.

They are always sent in the "knock down," packed in close boxes, so as to carry safe to any part of the world, and cost less freight than otherwise. They can be set up by anyone in a few minutes with simply the use of an ordinary screw driver. These Cases are warranted to give complete satisfaction or no sale.

Price on Cars at Factory,

\$14.00

No. 2, two tiers high, weight 32 lbs., packed 55 lbs, Price, \$12. No. 3, three tiers high, weight 42 lbs., packed 70 lbs., Price, \$14.

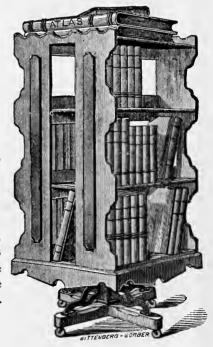

Price on Cars at Factory, \$12.

PARLOR CASE.

This is the same as is known by the name "No. 2 Champion," a very popular style; 36 inches high, 18 inches in diameter, has 8 shelves, all 10½ inches long; the four lower ones 12 inches high, and the four upper ones 10 inches high, all 7 inches wide. Weight, when packed, 65 pounds. Made of Ash, Cherry, or Walnut, as preferred. A beautiful Case for Parlor or Private rooms; answers for a stand as well as book case.

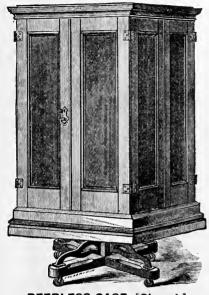

COTTAGE CASE.

44 inches high, 22 inches diameter; has 6 shelves 22 inches long, and 6 shelves 6 inches long, all 7½ inches wide. The lower tier is 12 inches high, the middle tier to inches, and top tier 10 inches high. Holds 150 average octavo books. Weight, when packed, 100 pounds. Made of But-TERNUT finished BLACK WALNUT, in good style. This case has very large capacity for the price; is strong, handsome and much liked. the same distance from the floor as the Standard Case, and revolves in the same graceful and substantial manner. But one size of this style is made.

Price on Cars at Factory, \$15.

PEERLESS CASE.

PEERLESS CASE, [Closed.]

This is a new case never before introduced, has new and valuable features, is provided with panel doors and good locks serves the double purpose of keeping dust off from books and also from being interferred with by outside parties. Made all ash or walnut, as preferred,, 48 inches high, 23 inches square, has 6 shelves each 22 inches long and $9\frac{1}{2}$ inches wide, all adjustable so as to accommodate any kind of books; both sides of this case are alike 3 shelves or spaces on each side, and as the shelves are $9\frac{1}{2}$ inches

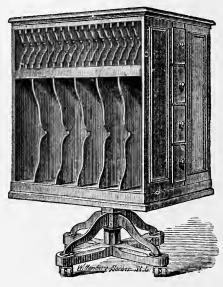

wide there is plenty depth to convert as much as wanted into pigeon holes or spaces for blanks. The doors when open lay up close to the blank sides of case, so that no more room is taken up when they are thus open than when closed; the cut does not show them thus, but this was purposely done so as more clearly to see the doors. The case revolves with a slight touch of the hand without the least noise. Every case provided with patent casters. Weight, when packed, 175 pounds.

PEERLESS CASE, [Open.]

PRICE ON CARS AT FACTORY, \$35.0-

≪PUBLIC OFFICE CASE

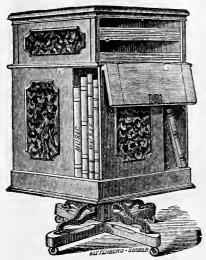

Price on Cars at Factory, \$30.

This was first introduced in the County Treasurer's Office in this city. They are now found to be of great value by many other public officers, such as Clerks of Courts, Auditors, Recorders, etc., etc. The Case is made of black walnut or ash, and finished in a style to be an ornament to any office or court room. The body of the Case is 28 inches diameter and 36 inches high, and stands from the floor 18 inches, making the whole height from floor to top of Case $4\frac{1}{2}$ feet. But the standard or shaft can be made lower or higher, if so ordered, without any change in price.

On the left side will be seen 6 spaces for large record books. These are $4\frac{1}{2}$ inches wide, 20 inches high and 11 inches deep. Above these are 18 spaces for blanks, etc. These are $1\frac{1}{2}$ inches wide, $7\frac{1}{2}$ inches high and 11 inches deep. On the right hand side are seen 4 drawers. These are $4\frac{1}{2}$ inches wide, 6 inches deep and 11 inches long. The two opposite sides of Case not seen in the picture are the same as those described, thus giving double the number of spaces and drawers specified. Top of Case solid and firm, so that anything can be laid on the top as well as on an ordinary table or stand. The Case revolves with a slight touch of the hand, without the least noise, and all supported on heavy casters, so as to be easily removed from place to place.

DANNER'S PATENT REVOLVING BOOK CASES.

MUSIC CASE.

Price on Cars at Factory, \$18.

This Case is found very popular where a large amount of music is kept. The Case will hold 16 to 20 bound volumes and accommodate a large lot of sheet music. The Case is made of Black Walnut, 18 inches diameter, 33 inches high, 4 spaces for bound volumes 6½ inches wide, 16 high and 11 deep. The cabinet department in top of Case for sheet music is secured by door and lock. While this Case holds so much music in safety and compact form, it at the same time serves the purpose of stand or centre table. Weight, when packed, 85 pounds.

BUCKEYE CASE.

A very handsome and convenient little Case, combining book shelves and pigeon holes, 36 inches high, 18 inches diameter. The shelves will hold 20 volumes size of Chamber's or Appleton's Cyclopedia. There are 24 pigeon holes, each 4 inches wide, 3¾ inches high and 9 inches deep, giving room to arrange a large quantity of filed documents. Made all ash or walnut, as preferred. Weight, packed, 75 lbs.

Upon Its Merits.—A young friend of ours who recently returned from a trip through Colorado, Wyoming, Nebraska and other Western States, said to us that he had seen more frequent reminders of home in the shape of John Danner's Revolving Book Cases than by any other item or incident. Everywhere he found that the more elegant the appointments, the more important the business, the more certain you are to find this condensed compendium of convenience.—Stark Co. (O.) Democrat.

≪STUDENT'S CASE>>>

This new, handsome, and very desirable revolving book case fills a want long felt for, a nice, cheap and convenient stand suitable for any study, library or reading room. This case affords all the convenience on top for large books, atlas or lamp, as any ordinary stand of like size, while at the same time it also has shelf accommodations for at least 20 octavo books. The top of case is 18 by 18 inches across, the space for books below is 12 inches high, so as to hold cyclopedias or other large volumes. The cut represents the vertical supports, made of malleable iron, of neat diamond design. The same cases are also made with straight vertical supports of wood, the same as my Standard and Champion cases. Sometimes, when not specified, they will be sent with malleable iron supports; at other times, of wood, as they happen to be in stock; when specified, they will be sent accordingly. The ordinary finish of the malleable iron

supports is a good japan, but when parties wish the same with nickle plate face, they will be thus sent at an extra charge of one dollar each case when so ordered. The shaft that supports the case is solid polished steel, so it will not break or bend. This shaft is adjustable by a set screw, as can be seen in the cut, and can thus lower or raise the whole case to any desired height. The feet are malleable iron japanned, supported on suitable casters. The wood-work is a nice, hard, oil finish, in black walnut or cherry, as preferred. In packing the case for shipping, the shaft and feet are taken off and all put inside the body of the case, thus making a very small and convenient box to handle, and costs but little to transport either by freight or express. The case, all complete, weighs but 20 pounds, and when packed 35 pounds. No charge for packing. Warranted to carry safe to any point and to give satisfaction or no sale. Price only \$8, delivered on the cars at factory, Canton, Ohio.

"STAR" REVOLVING CASE.

This is one of the most popular Book Cases ever introduced by me. As will be seen, the price is very low-only \$12. Another great advantage is that this Case always goes in the "knock down." The box containing one of these Cases is only 8 inches high, 2 feet wide and 4 feet long, and will carry safe to any part of the world, at reduced freight, weighs but 100 lbs. packed. It can be set up in a few minutes, no tools required but a screw driver. When set up as represented by the cut the Case is 56 inches high and 22 inches square, the lower shelves 121/2 inches high, the middle ones 111/2 inches, and the upper ones 101/2 inches; and all 21 inches long and 9 inches wide. By putting books on the top as well as the three shelves below, the Case will hold fully 100 large octavo books, revolves on the same principle of my other Cases, and will turn with a slight touch of the hand. All supported by four strong casters, so as to enable the Case to be moved about. The Cases are made of ash, all finished in good style and warranted to give complete satisfaction or no sale.

Price, \$12.

BOOK REST---Price \$2.

PATENTED DEC. 4, 1883.

All Walnut or imitation Ebony, as preferred; 10 inches wide, 18 inches long. This Book Rest was first made to be used on my popular Revolving Book Cases, for the purpose of holding the Unabridged Dictionary or other heavy books at any desired angle, enabling said book to be consulted without lifting, and while it fills the desired want it has since been found to be adapted for use on any table, stand or desk, and to be laid on the lap while reading heavy books; it is, therefore, of general adaptation in reading or consulting heavy volumes. The construction of the Book Rest is so simple it can not get out of order, and yet so strong as to support the heaviest book that may be laid upon it. Lawyers, Ministers, Doctors and Students generally, who have tried this novel little article, find it a great relief in handling large and heavy books, and it is also quite evident that large volumes are better preserved by laying on this Rest while in use than to be held by hand or laid on the knees as is often done; and the relief to the student is very great. The article is as easily handled as a smooth board of the same size, easily carried from place to place and ready in a moment to be used as book rest, writing desk, or speakers' inclined pulpit top.

The following are but samples of the thousands of voluntary testimon-

ials given in favor of the Danner Cases:

ALABAMA.

MOBILE, Gregory L. Smith, Esq., Attorney: "Your book cases suit me well, and shall certainly recommend them to any one I may chance to meet wanting book cases."

Huntsville, David P. Lewis, Esq., Attorny: "Please send me three more of your No. 4 Standard Book Cases, same size as I bought of you before. I find them so convenient that I must have them, I have already five of them in my office."

Calhoun, W. J. Pearce, Esq., Attorney: "The two Revolving Cases, Standard and Legal arrived in good order, have them up in my office and am well pleased with them."

HAYNEVILLE, W. R. Houghton, Esq.; "The Star Book Case is fully up to its recommendation."

ARKANSAS.

LAKE VILLAGE, D. H. Reynolds, Esq., Attorney: "I am glad to say, Mr. Danner, that your Revolving Book Case is all you claim for it. I am very much pleased with it."

Washington, Williams & Battle: "The Cottage Revolving Book Case suits us well."

CALIFORNIA.

Santa Barbara, B. F. Thomas, Esq., Attorney: "I am well pleased with my Danner Revolving Book Case, for its usefulness, convenience and durability are unwritten assurances of my entire satisfaction with it."

San Francisco, Messrs. S. Whitney & Co.: "We have sold many of your Revolving Book Cases, and all our customers are well suited with them."

SACRAMENTO, Librarian California State Library: "The three large book cases made for our library by you, work admirably."

COLORADO.

Denver, Messrs. Kilpatrick & Brown: "Having ordered your cases frequently proves their merits."

CONNECTICUT.

Danbury, The Moses Dane Co.: "We find your Revolving Book Case a very complete and satisfactory article."

Hartford, Edwin C. Bissell, Esq., "Enclosed finn \$18 for No. 3 Standard Case, which arrived in good condition and gives great satisfaction."

New Britain, Prof. Chas. Northend: "Having thoroughly tested the merits of your Revolving Book Case, I can most heartily recommend it to others."

New Haven, E. S. Dana, Am. Journal of Science: "I have received the Cabinet Revolving Book Case and am much pleased with it. It is a most convenient addition to my study."

Norwalk, John H. Perry, Attorney: "I am well pleased with the Star Revolving Book Case I ordered from you. I enclose draft on N. Y. to pay for the same."

DAKOTA.

DEADWOOD, Graves & Curtis: "The first lot of Revolving Book Cases got of you have been sold, to the satisfaction of our customers, and we now order another lot."

DELAWARE.

WILMINGTON, Rev. D. D. Smith: "I find my Revolving Book Case (No. 4) to suit me very well."

DISTRICT OF COLUMBIA.

Washington, O. C. Morse, Gen. Secreretary Y. M. C. A.: "The Revolving Book Case received, and has been placed in position in our rooms, where it forms both a handsome and noticeable feature of the furniture, and where it has already been admired by many of our visitors."

WASHINGTON, W. B. Moses & Son, Furniture Dealers: "Your Revolving Book Cases are very generally introduced in the various offices in this city, and all are delighted with their utility, neatness and durability."

GEORGIA.

ATLANTA, Frank A. Arnold, Esq., Attorney: "I have had in use for same time, one of your Cabinet Cases, and now want a No. 4 Standard. Your cases are a success."

Athens, Hon. W. B. Thomas: "I enclose draft on N. Y. (\$20) for the No. 4 case, and consider it well worth the money."

COLUMBUS, Thomas W. Grimes, Esq., Attorney: "The Star Revolving Rook

Case suits me exactly. If I could not replace it I would not take for it double the

cost price."

Savannah, Wylley & Clarke: "We have always used our influence and energies in favor of your cases. When we took hold of the iron cases we did not know you were making a small case for table use; would have given you the preference had we been aware of it."

Boise City, Richard Z. Johnson, Esq.: "The Legal Case sent me came in perfect order and condition, and to-day looks as well as when it left your manufactory. I need hardly say that it gives satisfaction, for I find it in every respect just as repre-sented by the cut and circular from which I made my order. Everyone who sees it

ILLINOIS.

Galesburg, McKinzie & Calkins, Attorneys: "We are highly pleased with the two No. 4 revolving book cases bought from you, and are wondering how any law firm can do without a complement of them for all their books."

CHICAGO, "Chaplin" C. C. McCabe: "Your Revolving Book Case is the most convenient book case I ever saw. It makes a beautiful present for a stu-dent. My boy was more pleased with it than any other present I ever gave

CHICAGO, Rev. Russell B. Pope: "I find the Danner Book Case indispensible. I had one of the cast iron cases, but my books would fall out, and several choice volumes were seriously injured by being jammed against the projections, which are intended to keep the books from falling; but yours is all right and holds many more books."

CAIRO, H. H. Candee, Esq.: "The Revolving Case safely to hand, and I am pleased to say ft gives entire satisfaction. I think it the most convenient and perfect

thing of the kind in use."

QUINCY, Wm. A. Byrd, M. D.: "The No. 4. Standard Revolving Book Case that I ordered some time back suits me exactly. I have been using a 'Johnson Iron Case' and would very much like to exchange it for a 'Danner Standard' as persons carelessly putting books on the iron case damage them greatly."

DECATUR, W. C. Johns, Esq.: "Please send me another one of your No. 4 Standard cases. I cannot get along without

them."

INDIANA.

CRAWFORDSVILLE, Rev. Joseph F. Tuttle, D. D., Prest. Wabash College: "The Danner Revolving Book Case reached here safely. It excites no little admiration. It is a beauty."

Brookville, Wm. H. Bracken, Esq.,

Clerk's Office: "Enclosed find draft for \$40, to pay for the two No. 4 cases ordered from you. Since having tested the cases, I consider them perfect in every particular.

FORT WAYNE, Rev. S. A. Northrop: "I am proud of the Revolving Book Case got from you. For the first time in my ministry, on account of its convenience, I have been able to keep my books in order; ministers ought to arise up and call you "blessed."

Indiana Hospital for the Insane: "I am well pleased with the No. 4 Standard Case bought from you, and consider it invalua-

ble."

Scottsburg, C. L. Jewett: "I have used your No. 4 book case until I am satisfied that it is indispensable. I keep it in my study to contain Indiana Reports, and feel confident that it will hold the present volumes and those to be issued in the next ten years. It is a 'joy forever' to a tired lawyer."

BLOOMINGTON, Prof. O. B. Clark: "The Revolving Book Case came in good condition, gives perfect satisfaction, and is well made."

MUSCATINE, Prof. W. S. Robertson, M. D.: "The Book Case I ordered a short time since, came to hand in good order. I shall be pleased to recommend it to my friends." Кеокик, John Fyfe, Esq.: The Book Case has arrived safely. For convenience and handsome exterior it exceeds my ex-

pectations."

Burlington, Dr. G. R. Henry: "I send you the gold (\$20) for the Parlor Marble Top Case, and am highly pleased with my purchase."

IOWA CITY, T. S. Parvin, Grand Secretary of Grand Lodge of Iowa: "The Cabinet Case received. It is more and better than I expected and just what I was in need of."

DAVENPORT, Bishop W. S. Perry: "I am much pleased with your excellent and unexcelled Revolving Book Cases."

BLOOMFIELD, S. S. Carruthers, Esq., Attorney: "The 2 Legal Cases and 4

Standard ordered from you came safely to hand, and I find the same satisfactory in every respect."

KANSAS.

Leavenworth, Messrs. Crew & Co.: "The Revolving Book Cases got from you work as represented, and are good."

OSBORNE, J. C. Murray, Esq.: "The No. 4 Standard Book Case which was obtained from you works perfectly."

KENTUCKY.

HOPKINSVILLE, Dr. R. M. Fairleigh: "The No. 3 Danner Book Case should suit every student and be a great help."

Ludlow, Rev. M. D. A. Steen: "The Legal Book Case ordered from you arrived in good order, and fully comes up to the

recommendation."
Covington, C. L. Brown, Esq. General Passenger Agent Ky. Central R. R.: "The Revolving Case you made for our office, came to hand all right, and I assure you gives perfect satisfaction."

LOUISIANA.

New Orleans, Hon. Rob't M. Lusher,
State Sup't of Public Education: "The Revolving Book Case reached the Peasoon put to use. It certainly is very neat and serviceable, and has already com-manded the admiration of the young la-dies of the Seminary. You certainly packed the case with great care; it is in good order and an ornament even in the handsomely furnished office and library of the Normal Seminary."

St. Joseph, H. A. Garrett, Esq., Attorney: "The Revolving Star Book Case reached me to-day, and it supplies a want long felt. When I consider the great convenience this case is to a lawyer, I am only astonished that the idea embodied in it should so long have slumbered in the brain of an inventive American."

MAINE.

Bangor, Messrs, D. Bugbee Co., Book-sellers: "The Revolving Book Case has arrived, and we are much pleased with it. It supplies a want we have long felt, but

WATERVILLE, J. H. Hanson, Esq.: "The No. 4 Standard Revolving Book Case bought from you is very satisfactory, I shall be pleased to recommend your goods

to my neighbors.

Machias, P. H. Longfellow, Esq., Clerk of Courts: "The Danner Revolving Book Cases arrived yesterday, and give entire satisfaction. The Legal Case is a perfect beauty, and the handsomest walnut I have seen for many a day, and so excellently made and conveniently arranged, with the various drawers exactly the size and shape of blanks."

MARYLAND.

Baltimore, Rev. S. K. Cox, D. D.: "The Revolving Book Case (No. 4) has reached me in good order, and for neatness, compactness and facility in use, especially for books of reference, fully meets my expectation. A friend of mine who has seen the case wants one like it."

BALTIMORE, Cushings & Bailey: We take pleasure in selling your cases to

our customers, as the article always proves satisfactory. The cast iron cases are not, to our mind, satisfactory goods."

GLYNDON, Frank D. Orrick, Esq.: "The Case is received; to say that I am satisfied would convey to you a meager idea of my delight and appreciation for the new-

comer. It is an ornament to my room, and hope it may find its way in many Maryland homes."

MASSACHUSETTS.

AMHERST, Prof. Edward P. Crowell: "Your Revolving Book Case is all that is claimed for it."

Boston, Bishop R. S. Foster, Bishop M. E. Church: "The two No. 4 Standard Revolving Cases suit me very well."

SPRINGFIELD, Messrs. Whitney & Adams: "Though our names appear as agents for the iron case, we have never sold one of them, while we have sold three of yours within three months."

CHICOPEE FALLS, B. B. Belcher: "The Revolving Book Case is received, and I am much pleased with it. I find it convenient and ornamental, it fully meets my

expectations."

MICHIGAN.

BAY CITY, Thomas A. E. Weadock,
Esq., Attorney: "I have been using your No. 4 Standard Case in my office for more than a year. I take pleasure in saying it is the most complete piece of furniture I ever saw. It is cheap, tasty and convenient—worthy of an *Ohio man*."

Lansing, Allen L. Bours, Sup't of State Property: "The twenty Standard Cases you put in our new capitol building work to entire satisfaction. I now want a Star Book Case."

LAPEER, Hon. S. B. Gaskill: "As soon as I can shall throw away all other book cases and use only your Revolving Case. I think they are the only case I know fit for an office."

MINNESOTA.
LAKE CITY, Dr. S. R. Patton: "The Revolving Book Case arrived safe and is quite satisfactory. It is ornamental and useful."

HENDERSON, S. & D. Kipp, Attorneys: "Your 'Star' Book Case at hand, find herewith draft for \$12 to pay for same. We would not take double that amount for it if we could not get another."

MINNEAPOLIS, Rev. Robert F. Sample: "The Revolving Book Case gives great satisfaction; already I appreciate it so highly that I wonder how I got along without it so long. It will be to me an invaluable aid in my work."

MISSISSIPPI.

Grenada, Rev. W. C. McCracken: "I am much pleased with the Cabinet Revolving Book Case I ordered from you."

MISSOURI.
St. Louis, Messrs. F. H. Thomas & Co.:
"Having sold hundreds of your Revolving Book Cases, we think more and more of them. They never fail to satisfy the purthem. They never fail to satisfy the purchaser."

Fredericktown, B. B. Cahoon, Esq., Attorney: "My Legal Revolving Book

Case has come safely, and I like it very much."

Case has come safely, and I like it very much."

HARRISONVILLE, Edwin E. Robey, Esq.: "The No. 3 Champion Case received in good order and gives entire satisfaction."

OHIO.

Tiffin, Noble & Lutes, Attorneys: "Inclosed find draft for Legal book case bought of you. We think it the most perfect thing in the line of office furniture that we ever saw. It 'works like a top,' and is admired by all who see it."

AKRON, Mr. W. G. Robinson, reported agent for the cast iron case: I have never seen, had, or sold any other book case than Danner's Revolving Book Case."

Wooster, Rev. A. A. E. Taylor, D. D., President Wooster University: The No. 4 case used in the library of the University gives complete satisfaction."

Sidney, Rev. P. P. Pope: "The No. 4 Standard case came all right, am much pleased with it, would not wish an iron

Norwalk, Henry L. Kennon, Probate Judge: "Your revolving case gives the best of satisfaction, and is to a person using blanks what the book case is to a literary man—an indispensable article."

CLEVELAND, Ingham, Clarke & Co., former agents for iron case: "Your revolving book cases are the only kind we care to handle."

PAINESVILLE, Rev. George R. Merrill: "I have no hesitancy in saying that your revolving book cases fully equal promise of your advertisements."

PENNSYLVANIA.

PITTSBURG, Hon. Jno. M. Kirkpatrick, Judge of Court: "I am greatly pleased with your No. 4 case, and only wonder now that I have it in use, that I did not have it long ago."

LANCASTER, Messrs. John Baers' Sons: "We have three of your revolving book cases in our store in use, and they

are preferred to the iron cases. PHILADELPHIA, Charles H. Adams, Esq., 426 Walnut street: "I do not see how I could get along without your Legal Revolving case. I can heartily recommend it to the entire fraternity of insurance men."

PITTSBURG, Messrs. S. A. Clark & Co., reported agents of the cast iron case: "Your notice is the first intimation we have had of our name being published as agents of Johnson Iron Case; it has been done without our knowledge."

Media, V. Gilpin Robinson, Esq., Attorney: "The book case sent me, came duly to hand, and I am very much pleased with it."

ALLEGHENY, Messrs. D. W. Huntsman & Co.: "We are not the agents for the Johnson Iron Case in this city. had the agency for a short time, but relinquished it after an examination of your illustrated circulars sent us some months ago, from the fact that it was evident the

two cases were practically the same, only one was made of iron and the other wood."

Washington, C. M. Reed & Co.: "We have only sold one of the Johnson cases, and that was a special order. Having your case on hand there is no fear of the other selling."

HARRISBURG, Hon. David Fleming, Attorney: "The 'revolver' has just come to hand, and although it is not as destructive as 'Colts,' it answers my purpose better. I like it very much, and, as the best evidence of it, I send my check (\$18) in pay-

ment."

Ed. "The Chester Valley Union," "I have examined carefully your revolving book cases, also the iron book case. In my judgement, yours is decidedly superior to any other that I have seen."

RHODE ISLAND.
PROVIDENCE, Wm. Wanton Dunnell,
Esq.: "No one after trying your valuable
book cases can fail to be suited."

ever had in my office."
NORFOLK, Wm. W. Old, Esq., Attorney; "The book case was received on Saturday last in good order, and gives me perfect satisfaction."

Petersburg, J. T. Morris: "The No. 3 Case ordered for Rev. Dr. Witherspoon is

entirely satisfactory."

WEST VIRGINIA

Wheeling, Hon. Henry M. Matthews, ex-Governor: "The No. 3 Standard case got about two years ago gives such complete satisfaction that I now order a Parlor case, marble top."

BETHANY, Prof. W. K. Pendleton: "The

No. 4 case operates to my utmost desire for the purpose intended." SPENCER, A. B. Wells, Esq.: "The Par-

lor case has been received in good condition; it is handsome and convenient; am much pleased with it. It looks better in the parlor filled with books than the picture on paper."

WISCONSIN.

Madison, Q. H. Barron, Esq., Supt. of
Public Property: "The five Standard cases No. 4 for our Capitol buildings ar-

rived in good order, and efter a full and thorough trial prove very satisfactory." Madison, E. W. Keys, Postmaster: "I would not part with my No. 4 revolving book case for \$100 if I could not replace it. It is greatly admired, I can hardly see how any one will do without it." SPARTA, Rev. J. R. Applebee: "The two

No. 4 revolving book cases came duly to

MILWAUKEE, Messrs. E. J. & Wm. Lindsay: "We had expected you would send us a nice article and our expectations are more than realized. We are delighted with it, and shall take pleasure any time in showing our case to any one who may in showing our case to any one who may wish to see one of the most convenient pieces of office furniture in this city."

WYOMING TER.

Evanston, Messrs. Beckwith, Quinn & Co.: "The No.3 'knock-down' case arrived perfectly safe and is very satisfactory."

FOREIGN COUNTRIES.

London, England, Messis. Trubner & Co.: "We are selling a great number of your revolving book cases in this country, and all are delighted with the American invention."

SHFFIELD, ENGLANG, C. A. Hardy, Esq.: "The No. 4 walnut case you sent me arrived in good time, and is fully up to the

recommendation given the article. It is generally admired."

Paris, France, Em. Terquem, Esq., 15
Boulevard St. Martin: "Since the exhibition of the Danner revolving book case at the International Exposition in Paris, many have been sold in this country, and all speak in the highest praise of this successful invention."

BANGKOK, SIAM, Rev. Samuel G. Mc-Farland: I am glad to be able to report the safe arrival of Danner revolving book case. I think it is a very handsome piece of furniture, well finished, and am sure I shall enjoy it."

Valparaiso, Chill, South America: J. Elbelordo Nunez, Esq.:" Having seen and tried your excellent revolving book cases, I want you to ship me 10 of the No. 4 cases for this market."

MISSIONARY OF SIAM, Rev. Eugene P. Dunlap: "I find the 'Star Case' beautiful and useful. It will save many steps from the study to the book case, and will prove to the Siamese a good sample of Yankee ingenuity."

Some single States would afford more than all the foregoing testimonals, but only a few are given from each locality, showing that all over the country the article is liked and commended.

Danner's Book Holder, No. 1.

[PATENT APPLIED FOR.]

Want long felt. They are nice for Book Stores, Offices, Colleges, private rooms, and, in fact, anywhere that a few books are wanted in convenient form. By the aid of this holder the books are not only kept in position, but are kept from warping, and are easily carried about in the Holder. The bottom, or shelf, is made of Walnut, also of Cherry, with Mahogany finish, all highly polished. Said shelf is three-fourths of an inch thick, six and one-half inches wide and twenty-four inches long, The sliding end pieces are highly ornamental, MALLEABLE, and finely Nickle-Plated, so they will not break or corrode; and may be used a lifetime. Said end pieces can be shifted back and forth at will, so as to accommodate any quantity of books, and yet hold the books firmly in position. These beautiful Holders, all complete, only weigh three pounds and pack as compactly as a solid board.

Price Only \$2.

The article is warranted to give complete satisfaction or no sale.

Danner's Book Holder, No. 2.

[PATENT APPLIED FOR.]

HE No. 2 Book Holder is the same size and style as No. 1, so far as the upper shelf is concerned; but below this one two folding upright pieces that can be opened in a moment, and on the inside of said upright grooves are provided to receive an extra shelf, thus affording accommodations for two tiers of books, and capable of holding in all about thirty good sized volumes. These Holders are very NEAT, STRONG and CONVENIENT, affording all the shelf room needed for a reasonable number of books on a table. When shipped the whole thing is folded together and firmly wrapped in paper, making a package two inches thick, seven inches wide and twenty-four inches long and weighing but seven pounds. Made of walnut and finished in oil, making a complete little book case for the small price of \$3.50 each. They never fail to give satisfaction to purchasers.
